Dear Arthur:

This letter is to thank you for such a great job you and your men did at my home last week.

I never knew my gutters were never installed properly which was causing my fascia to decay and I am appalled at the roofing company who had recently installed a new roof a short time ago who failed to replace the rotted fascia. I only learned of this when you showed me all of these problems while doing a "walk-a-round."

Not only did you replace the rotted fascia, you suggested and I agreed to have you put a fresh coat of paint on the fascia. Now that everything is done, your gutters perfectly match the newly installed seamless gutter. Arthur, the gutters look great and I see the slight angle of pitch sloping towards the downspouts. I also now understand why the gutters need to be installed up behind that piece of metal you mentioned and up to the roof tile.

Arthur, this note is to say "thank you" for doing such a great job overseeing the entire project and answering all of my questions.

Best wishes,
