Dear Arthur:

It was a pleasure meeting with you at my newly purchased home.

You answered all of my questions as to how the gutters should be installed, showed me the best places to install the downspouts as well as my underground drainage.

I actually walked outside during the last heavy rain just to see if all of the rain water would go into the gutter rather than over it as you said it would compared to my neighbors whose gutters were improperly installed. Wow, what a difference. Arthur, you are the best. No wonder I was recommended to call you guys if I wanted the job done right.

I'd be glad to recommend you to anyone who needs gutters or underground drainage installed.

Best regards,

Steven Rubiano
